### Caregiver Instructions

### Emergency Phone or Text

# 911

1. Check the transmitter everyday with the tester provided.
2. If a problem exists or the transmitter isn't indicating transmission (no pulsing or steady burning red light), notify us right away.
3. Always remember to sign and date the tester sheet.
4. If the client is missing, notify your local Project Lifesaver agency
  - A. If at home, you may give your client number and contact information and we'll call you back while responding.
  - B. If you are not at home, be sure to give the telephone number where we may reach you as well as your client number.
5. While the Project Lifesaver member agency is responding, check obvious places around your home.
